Parent to Parent USA / Alabama
Parent to Parent USA (P2PUSA) at p2pusa.org is a national non-profit organization committed to promoting access, quality and leadership in parent to parent support across the country. Parent to Parent programs provide emotional and informational support to families of children who have special needs most notably by matching parents seeking support with an experienced, trained "Support Parent".

The Parent Connection Network of Alabama is a statewide network of families willing to share experiences. We believe that when parents are informed, connected, and supported by other families who have been there too, they are better able to meet any challenges that may arise.
